

Name: Aurélie Féat

Project title: Advanced adhesion paints

Interests: Formulation, materials science, polymers

Supervisors: Phil Taylor, Jasper van der Gucht

Host institution: AkzoNobel (ICI PaintsL UK)

E-mail: aureliefeat@laposte.net

**Short CV
(text)**

I am a freshly graduate French chemistry scientist. I am currently doing my master thesis at Agfa (Belgium). I will start my PhD student at AkzoNobel (formerly ICI Paints) within the BioSmartTrainee Project in September 2016. I hold a Master's degree in chemistry from ENSCR (France). During my studies, I had different internship opportunities abroad: Brock University (CanadaL DSM (the Netherlands) and Agfa (Belgium).

CV (table)

2016-2019

PhD student within the BioSmartTrainee program at AkzoNobel (Slough, UK). The doctoral supervision is located at Wageningen University (the Netherlands).

2011-2016

Master's degree in chemistry (1st) at Graduate School of Chemistry of Rennes (ENSCR), France
