Save the date!

We cordially invite you to the

International Conference on Adhesion in Aqueous Media: From Biology to Synthetic Materials AAM 2019

September, 9 - 12, 2019 in Dresden, Germany

TOPICS

Biological adhesive systems in wet environment

Understanding of natural systems

Novel chemistries and structures

- Biological and biomimetic interfaces
- Thin films and nanostructures
- Hydrogels with reversible sacrificial bonds
- Organic / inorganic hybrid systems

Mechanisms and modelling of underwater adhesion

- Novel tools & methods for adhesion testing
- Mechanics of soft interfaces
- Rheology & adhesion
- Transport phenomena through interfaces
- Molecular simulations

Applications and materials design in wet environment

- Biomedical adhesives and clinical applications
- Surface contamination (biofouling, insects & ice)
- Underwater attachment systems, robotics
- Additive manufacturing of hydrogels
- Adhesives on wet surfaces

VENUE

The conference will take place at the Hilton Dresden, directly across from the "Frauenkirche" (Church of our Lady) in the heart of the historic city center

IMPORTANT DATES

Call for Abstracts: **December 01, 2018**

Abstract Submission Deadline: **April 01, 2019**

Early Registration: **July 01, 2019**

SCIENTIFIC and INTERNATIONAL COMMITTEE

Alla Synytska (IPF Dresden, D)
Aránzazu del Campo Bécáres (INM Saarbrücken, D)
Eduard Arzt (INM Saarbrücken, D)
Rene Hensel (INM Saarbrücken, D)
Marleen Kamperman (Wageningen University, NL)
Costantino Creton (CNRS/ESPCI, F)
Walter Federle (Cambridge University, UK)
Anton Darhuber (TU Eindhoven, NL)
Vlasis Mavrantzas (University of Patras, GR)
Animangsu Ghatak (IIT Kanpur, IND)
Phillip B. Messersmith (University of California, USA)
Russell Stewart (University of Utah, USA)
Al Crosby (University Massachusetts Amherst, USA)

www.AAM2019.org

ORGANIZERS

Leibniz- Institut für Polymerforschung Dresden e.V.,
Hohe Straße 6, 01069 Dresden

Alla Synytska, Sandra Martinka,
Nicole Vilbrandt, Kerstin Wustrack

E-Mail: AAM2019@ipfdd.de

Fax: +49 351 4658-98599
